## **SHARE THE WEALTH**

If you have any stories about your favorite British car project, send them so I can share them with the group. I would also appreciate any information about club members who deserve our congratulations, need our prayers, or could use our well-wishes.

Also, if you have news about other British car groups, carshows that our members might be interested in going to, or other items of interest to our membership, I would greatly appreciate them.

Finally, if you know of individuals or groups that could benefit from knowing about our group, I can send them an abbreviated flyer with information about the QCBAC.
